Kathy,

I am not sure exactly what I said, but the steering committee should have a record of the comments as they are part of the administrative record for the project. The administrative record should be publically available.

However, my questions surrounded why the habitat restoration was being planned, who owned the land that was being "restored", how the land was being aquired, and whether the land was being planned as mitigation for the planned conveyance system.

Thanks and take care,  
Amanda

Hello Interested Citizens,

Recently I sent you an email requesting a printed copy of the statements you made at the Scoping meeting in Clarksburg on Wednesday, April 30<sup>th</sup>. We have a deadline this week to send any and all comments to the Scoping Committee and we are trying to reconstruct in writing all the statements that were made that night. Would you be willing to email me a copy of your statements as closely as possible to what you presented that evening by today, May 27<sup>th</sup>, or tomorrow at the latest? Thank you for your time and effort on this.

Kathy Hunn
